Products and Services:

- Cork Closures

What sets Amorim Cork apart from the competition? Sales and after-sales service integrated as to assure a high level of service to customers and the capacity to respond rapidly to their needs. Amorim Cork America sales and management team provides expert knowledge to winemakers, quality assurance managers and wine marketers on all facets of wine cork closures.

Since 1870 Amorim Cork America has been at the heart of cork producing and has made a decisive contribution to the spread of cork throughout the world. We are happy to celebrate 146 years dedicated only to corks.

Vertical Integration without Owning the Forest

Direct presence in the countries that produce the raw material, in Portugal, Spain, Morocco and Tunisia (all situated in the cork forest zones), allowing diversification of sources and control of the flow of the raw material.

Direct presence in all the big wine-producing countries – USA, France, Australia, Italy, Spain, Portugal, South Africa, Chile, Argentina, Germany.

Research and development

Highly sophisticated Research and Development facilities subject to rigorous scientific procedures.
